

2nd Indonesian Lightwood Cooperation Forum (ILCF) at TradExpo, 12. October 2017

ILCF.217

2nd Indonesian Lightwood Cooperation Forum

We proudly announce our 2nd lightwood event at TradExpo Indonesia (TEI), 2017 in ICE, Serpong, Tangerang and we invite you to actively participate in our forum.

“The goal of the 2nd ILCF Event is to continue filling the gaps between the stake holders along the value chain of Lightwood.”

The first ILCF2017 at the IFEX in March was a great success. It was reflected by market response after the event as reported by the German “Forst- und Holzwirtschaft” Magazine. Thus, it shows the need and importance of the such event for the Lightwood Industry. To continue a success of lightwood even and connecting all lightwood stake holders, we are going to held the **2nd ILCF2017** On Thursday 12th of Oktober at TradExpo Indonesia in Serpong.

The Forum will provide interactive discussion between audience and experts. There will be an **export promotion** and buyer from Germany. We also invite CEO’s of two of the most **innovative lightwood**

processing companies to speak about lightwood sector’s challenges. Further, we will present the Head of Ikatan Arsitek Indonesia and head of institute for infrastructure engineering and sustainable management from the Universiti Teknologi MARA in Malaysia.

Below is the forum schedule.
