The Swiss Import Promotion Programme (SIPPO), under the patronage of the State Secretariat for Economic Affairs (SECO) of the Swiss government, aims to help small and medium-sized enterprises (SMEs) from emerging markets and markets in transition to access the Swiss and EU markets. Further, SIPPO helps Swiss and European importers to find the right partner in emerging and transitional countries.

SIPPO's activities focus on five main goals:

- To inform the Swiss and EU import economy on new market sources
- To include trade institutions and business branch associations in the trade promotion process
- To increase the competitiveness of small and medium-sized enterprises in selected partner countries
- To develop the manufacturing and exporting skills
- To establish qualified trade contacts between SME's from emerging markets and markets in transition and the Swiss and EU import economy

Repeated participations at selected international trade fairs are a prerequisite for future success and a major milestone in the trade promotion process.

IRA-EKO Ltd. was founded in 2000 originating from a very old and competitive company producing herbs and spices. The EU organic quality standards are regarded as precondition for production. We are expanding slowly as our focus is put on quality and not on quantity. Our best capital is the highly qualified workers: we employ around 40 workers and farmers in our production units. IRA-EKO Ltd. is SKAL International licensed since 2000. Our main partners are in the Netherlands, Germany, England and Spain. As a regular participant of Biofach we are convinced that the organic sector is the future of our business.

Introducing our natural products to Europe, we offer fine powders and spray-dried extracts of organically grown Andean roots like Maca and Yacon, the Amazonian Camu Camu fruit and medicinal herbs like Cat's claw. Our organic maca is supplied by farmers.

CBI – Dutch centre of the promotion of imports from developing countries is implementing similar activities as SIPPO. In the Biofach they will give support to companies from Colombia, Ecuador, India, Indonesia, Pakistan, Peru, Sri Lanka and Uganda

They are located in Hall 4 Stand 130.
