

MEDICAL TECHNOLOGY from transition countries

**10 selected companies from India, Slovak Republic and South Africa
present their products at the**

SIPPO collective stand
MEDICA 2002, Düsseldorf
November 20 – 23, 2002
Hall 13 Stand A 03

Patronage:
seco, State Secretariat for Economic Affairs, Bern

The Swiss import promotion programme from emerging markets and countries in transition was launched in 1982 and aims to help small and medium-sized enterprises (SME) to gain access to the Swiss and EU markets.

SIPPO's activities focus on five main goals:

- *Increase in the competitiveness of small and medium-sized enterprises in selected partner countries*
- *Development of manufacturing and exporting skills*
- *Inclusion of trade institutions and business branch associations in the trade promotion process*
- *Increase in qualified trade contacts between small and medium-sized enterprises from emerging markets in transition and the Swiss and EU import economy*
- *Information for the Swiss and EU import economy on new market sources*
