*The Swiss import promotion programme from emerging markets and countries in transition was launched in 1982 and aims to help small and medium-sized enterprises (SME) to gain access to the Swiss and EU markets.*

*SIPPO's activities focus on five main goals:*

- *Increase in the competitiveness of small and medium-sized enterprises in selected partner countries*
- *Development of manufacturing and exporting skills*
- *Inclusion of trade institutions and business branch associations in the trade promotion process*
- *Increase in qualified trade contacts between small and medium-sized enterprises from emerging markets in transition and the Swiss and EU import economy*
- *Information for the Swiss and EU import economy on new market sources*

## Bulgaria

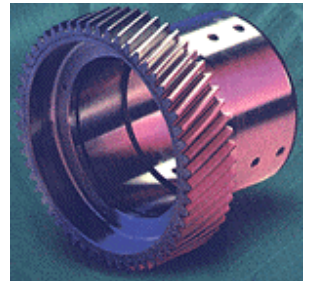

Company	<b>ALFA-3 Ltd.</b>
Address	Kiril und Metodie Str. 12, App. 2 5800 Pleven
Phone	+359 64 385 56
Fax	+359 64 385 56
E-Mail	alfa-3alutex@el-soft.com
Homepage	www.alfa-3ltd.hit.bg
Contact	Mrs. Lazarova
Production Area	Aluminium castings, pressure die castings, gravity die casting, sand casting process, medium to small series
Exports	Germany

ALFA-3 Ltd is specialized in casting of AISi7Mg, AISi10Mg and AISi12. The company aims towards a very flexible production. The processes used are gravity die casting, sand casting and low-pressure chill casting. The company has also a very well equipped machine shop with turning and milling machines. Quality is assured with modern test equipment.

## India

Company	<b>CREST Geartech Pvt. Ltd.</b>
Address	264 Functional Industrial Estate 110092 Patparganj, Delhi
Phone	+91 11 2 214 89 02
Fax	+91 11 2 214 89 01
E-Mail	jhelumi@vsnl.com
Homepage	www.crestgeartech.com
Contact	Mr. I.S. Jhelumi , Director
Production Area	Die forgings, spur gears, helical gears, transmissions, sprockets, worms, shafts, sleeves, hubs, couplings
Exports	Germany, USA

Crest Geartech Pvt. Ltd. is an OEM of gears, transmissions, sprockets and other related components. The major exports go to Germany and the USA. The company has been built on a foundation of sound management, expertise, integrity and a strong commitment to customers. The company is ISO 9002 certified. To achieve highest standards of quality at a competitive price, it introduced SPC (statistical process control) throughout all phases of the manufacturing process. The company provides world class products to its customers at very competitive rates due to its high level of efficiency and very low labour costs in India.

Company	<b>HINDUSTHAN MALLEABLES &amp; FORGINGS Ltd.</b>
Address	P.O. Bhuli, Jalan Nagar, Dhanbad 828 826001 Jharkhand
Phone	+91 326 230 45 61, 43 21,43 32
Fax	+91 326 230 33 77
E-Mail	dnb_hmfl@sancharnet.in
Homepage	www.hindusthanmalleables.co.in
Contact	Mr. Chandrakant Jalan, Director
Production Area	Ductile, malleable , graded iron, steel, non-ferrous (brass, copper, bronze, aluminium alloy) castings, specialised in automotive, railways, heavy & light engineering casting components
Exports	Middle East, UK, USA

Hindusthan Malleables & Forgings Ltd is a premier foundry specialized in precision castings ranging from 50 grams to 500 kg. The company was established in 1960. The excellent quality of the castings is the result of continuous and diligent efforts of its team of qualified and experienced professionals. Continuous monitoring of manufacturing processes and rigid controls begin right from the preparation and conditioning of moulding sands and core making. Other moulding processes thereafter, coupled with strict metallurgical control of melting, metal treatment, casting and subsequent processing ensures a consistent product quality to satisfy its customers like TELCO, MICO (Bosch), ESCORTS ,INDIAN RAILWAYS. The company is certified ISO 9002. The accreditation to achieve QS 9000 is in progress.

## India

Company	<b>IBEX ENGINEERING P. Ltd.</b>
Address	#36, Subbarama Chetty Road, Basavanagudi 560 004 Bangalore
Phone	+91 80 660 20 84
Fax	+91 80 660 29 09
E-Mail	gps@ibexengineering.com
Homepage	www.ibexengineering.com
Contact	Mr. Srikanth G. Prabhakar, Director
Production Area	Aluminum and zinc high pressure die castings up to 3.2 kgs, gravity die castings, high precision castings, i.e. filter heads and accessories, automobile parts, couplings, wire tighteners, brake shoes, gas regulators, etc.
Exports	Australia, Italy, New Zealand, UK, USA

Ibex Engineering P Ltd. is a 100% export oriented unit (EOU). The company is managed by a team of young professionals and manufacturers of aluminium and zinc high pressure die castings. The technical equipment consists of a fully automated horizontal cold chamber, die casting machines with auto extractors, auto sprayers and auto ladling. The government of India offers special incentives like tax exemption, subsidised power and fuel etc. to make parts manufactured by this 100% EOU very cost effective. Ibex is QS9000 certified. Ibex is supplier to manufacturers of fencing components, valves, filters for cars and has strong links to the automotive sector in Europe. Its strategic alliance with M/s Shakthi Precision, makes it now possible to offer completely precision machined die cast parts. Shakthi has a state of the art facility for machining using horizontal machining centers from Makino.

Contact	Mr. Dan Ilisei, Commercial Manager
Production Area	Gear pumps, vane pumps, hydraulic motors and steering units, hydraulic power units, hydraulic installations, vacuum pumps, fuel pumps and safes
Exports	Bulgaria, Canada, France, Germany, Italy, Latvia, Sweden

HESPER S.A. Bucharest Company, founded in 1877, is one of the most important manufacturers in Romania of hydraulic equipment, installations and apparatus with an experience for more than 25 years. The product range goes from hydraulic pumps and motors to dry rotate vacuum vane pumps over to fuel pumps for combustible nozzle injection in burners and ends in safes and safety locking systems. Customers are from different industrial branches like metallurgical industry, oil industry, machines-tool, plastics injection, agricultural and forest equipment, construction for pharmaceutical industry and food industry. HESPER is an ISO 9001 certified company.

## Russia

Company	<b>JSC "Mtsensky Aluminium"</b>
Address	Avtomagistral, Oryol region 303032 Mtsensk
Phone	+7 086 46 2 49 05, 36 38
Fax	+7 086 46 2 36 38
E-Mail	marketing@oryolmetals.com
Homepage	www.oryolmetals.com
Contact	Mrs. Katya Troubitsyna, Engineer of the Marketing Department
Production Area	secondary aluminium alloys, spare parts and units for car and tractor industry, products of any category of complexity for other industries from aluminium, zinc, brass alloys, grey and high durable cast-iron
Exports	Germany, Italy, Japan, Kazakhstan, Moldova, Netherlands, Thailand, Ukraine, USA

JSC "Mtsensky Aluminium" is engaged in production of secondary aluminium alloys, casting from non-ferrous alloys and cast-iron, machining and assembling. The level of tool manufacture is one of the best in Russia and is also recognized by big machine-building companies from Western Europe and the USA. Due to the high quality of products, "Mtsensky Aluminium" exports 30% of its products to the Western Europe and the USA. In 2001 JSC "Mtsensky Aluminium" was certified according to ISO 9002.

## Slovak Republic

Company	<b>ZSNP, A.S.</b>
Address	Priemyselna 12 96563 Ziar nad Hronom
Phone	+421 456 01 25 01
Fax	+421 456 01 25 22
E-Mail	zsnp_zom@zsnp.sk
Contact	Mr. Teodor Kvapil
Production Area	Production of Aluminium foundry alloys, castings made of aluminium alloys with gravity-, low pressure- and high pressure die casting technology, extruded aluminium products, stranded conductors, drawn aluminium wires and tubes, packaging tubes made of aluminium and laminate, aluminium based construction systems and components and also carbon based products
Exports	European Union, Central and Eastern Europe

ZSNP with over 50 years of experience in aluminium business ranks among the leading Central European aluminium companies. The company's main product groups are: aluminium foundry alloys, castings made of aluminium alloys with gravity-, low pressure- and high pressure die casting technology, extruded aluminium products, stranded conductors, drawn aluminium wires and tubes, packaging tubes made of aluminium and laminate, aluminium based construction systems and components and also carbon based products. ZSNP is certified according to ISO 9001 and VDA 6.1 standards. Main markets of casting products are the automotive industry, electrical engineering and engineering industry. The technological equipment in castings production enables to effectively produce large series of castings as well as specifically large or complex shaped castings. A major part of aluminium extruded production is aimed at the construction and engineering industry. In the energy sector, ZSNP is focused on the decisive market segment of stranded conductors as well as drawn aluminium products.
