SIPPO Swiss Import Promotion Programme

SIPPO Swiss Import Promotion Programme is a mandate from the State Secretariat for Economic Affairs of Switzerland (SECO), carried out by Osec. The programme supports small and medium-sized enterprises (SMEs) from emerging markets and markets in transition to access the Swiss and European markets. On the other hand, SIPPO helps Swiss and European importers to find suitable partners in emerging countries and countries in transition.

The programme has five main goals:

- To inform the Swiss and European import economy about new market sources
- To strengthen trade institutions and business sector associations in the trade promotion process
- To increase the competitiveness of SMEs in selected partner countries
- To develop the manufacturing and exporting skills of SMEs in selected partner countries
- To establish qualified trade contacts between SMEs from emerging markets and markets in transition and the Swiss and European import economy
