SIPPO Swiss Import Promotion Programme ist ein wirtschaftsentwicklungspolitisches Handelsförderprogramm und steht unter dem Patronat des Staatssekretariates für Wirtschaft SECO der schweizerischen Regierung. Es unterstützt privatwirtschaftliche Unternehmen in Entwicklungs- und Transformationsländern, die Zugang zum Schweizer Markt, aber auch zu Märkten der Europäischen Union suchen.

Die Dienstleistungen umfassen branchenbezogene Marktinformationen, Produkt- und Marketingberatung, Promotion in der Schweiz sowie Messebetreuung auf ausgewählten europäischen Fachmessen.

Gleichzeitig werden schweizerische Unternehmen über die Kontaktgesuche ausländischer Firmen informiert und erhalten kompetente und kostenfreie Unterstützung bei der Suche nach neuen Beschaffungsmärkten, Produkten und Kooperationspartnern.

Das SIPPO Programm ist ein Teil der Entwicklungs- und Aussenwirtschaftspolitik der Schweiz. Es wird komplementär zu anderen Programmen der handelsrelevanten technischen Zusammenarbeit durchgeführt.

Zielgruppen sind

In den Entwicklungs- und Transitionsländern:

- KMUs und Kooperativen
- Wirtschaftsorganisationen, Handelskammern, Verbände

In den Importländern (Schweiz, EU):

- Importeure, Grossverteiler und die verarbeitende Industrie
- Wirtschaftsorganisationen, Handelskammern, Verbände

Branchen:

- Landwirtschaftliche Produkte und Lebensmittel
- Textilien, Bekleidung, Mode
- Heim, Interior Design, Möbel
- Leder, Accessoires
- Schmuck, Kunsthandwerk
- Technische Produkte, Zulieferindustrie, Elektronik,
- Informationstechnologien

SwissProcurement Forum

Der SVME (Schweizerischer Verband für Materialwirtschaft und Einkauf) ist ein branchenübergreifender Fachverband mit internationalen Verbindungen. Er wird von rund 1000 Schweizer Firmen- und 300 Einzelmitgliedern getragen.

Die Kunden des SVME benötigen ein profundes und zeitgemässes Wissen, um in den globalen Beschaffungsmärkten professionell agieren zu können. Mittels eines breiten, qualifizierten Informations- und Schulungsangebots vermittelt der SVME dieses Wissen im Bereich Supply Management und begleitet seine Kunden in ihrem beruflichen Werdegang. Das Schulungsangebot ist stufengerecht aufgebaut und reicht von der Vermittlung von Basiswissen bis hin zur Hochschulausbildung. In ihrer Entwicklung profitieren die Mitglieder vom Zugang zu einem professionellen Netzwerk.

Durch die internationale Vernetzung, die Zusammenarbeit mit Hochschulen und im Besonderen mit der Basis, erneuert der SVME sein Wissen laufend und hält seine Produkte und Dienstleistungen auf modernstem Stand

Als Fachverband erbringt der SVME einen entscheidenden Beitrag zum Unternehmenserfolg im Bereich Beschaffung und erhöht dadurch die Wettbewerbsfähigkeit des Wirtschaftsstandortes Schweiz.

Der SVME gehört zur Trägerschaft der Swisstech, der SQS und der IFPSM (International Federation of Purchasing and Supply Management), arbeitet auch eng mit dem SIPPO (Swiss Import Promotion Programme) sowie dem ITC (International Trade Center) von Unctad/Gatt/WTO in Genf zusammen.

Production Area:

- Electrical wire rope hoists
- Other crane components
- Winches

8. Company	K'95 Ltd
Address	City of Pleven
Phone	+359 64 80 35 63
Fax	+359 64 80 35 63
E-mail	k95pleven@yahoo.com

Production Area:

- Motor mills for grinding plastic materials
- Systems for transporting and dosage waste and primitive plastic materials
- Blow moulding machines for PE, PP
- Machine for waste less vacuum forming of PS products
- Lines for re-granulating of plastic waste materials
- Lines, producing PE and PP pipers

9. Company	HEM JSC
Address	City of Pleven
Phone	+359 64 88 06 50
Fax	+359 64 88 06 54
E-mail	hem_ad@mail.bg

Production Area:

- Hot jacket and lamella heat exchangers
- High pressure container, reservoirs, heat-exchange junctions for public buildings
- Condensers, heaters, coolers, counter-jet devices; boilers, re-boilers, evaporators, receivers, hydrophones, mixers, dispensers, reactors, oil-diverters, tanks for households and industry
- Water-supply heaters and large-size parts for mining and steel industry
- Machine parts, welded joints, metal structures, spare parts.

10. Company	HIMMASH JSC
Address	City of Haskovo
Phone	+359 38 66 49 91
Fax	+359 38 66 10 36

Production Area:

- Incremental encoders
- Absolute encoders
- Hall sensors
- Precise couplings – bellows and membrane
- Power jaw couplings
- Vibration feeding systems – for orientation, sorting, counting, etc.
- Machining of precise components made of steel and non-ferrous metals

15. Company **MM MECHANICS Ltd**
Address City of Pazardjik
Phone +359 34 44 47 84
Fax +359 34 44 47 23
E-mail mmmechanics@abv.bg

Production Area:

- Mechanical processing of aluminium and steel parts.
- Production of various tools for flooring.
- All kinds of galvanic coating and powder coatings.
- Production of different kinds of assemblies, as well as non-standard machines for various processing and current repairs.

16. Company **SANEL JSC**
Address City of Sofia
Phone +359 2 958 63 80
Fax +359 2 958 63 60

Production Area:

- Production of fasteners (screws)
- Metal pressed items
- non standard metal items according to the client's draft

17. Company **Preskov JSC**
Address City of Stara Zagora
Phone +359 42 62 73 27
Fax +359 42 3 10 63
E-mail marketing@preskov.com
Internet www.hgzagora.com, www.preskov.com

Production Area:

- Manufacture of forged and die forged parts from 0,5kg up to 25 kg. The parts are designed for the machine building industry – lifting, freight, construction and agricultural machinery

18. Company **ASTROIDA Ltd**
Address City of Panagjurushte
Phone +359 357 60 79
Fax +359 357 30 79
E-mail astroida@abv.bg

Production Area:

- components and assemblies for the general machine building
- hydraulic blocks, sets and components
- mechanical tooling for optic device production
- mechanical components for optic instruments and optoelectronic

19. Company **METAL IN Ltd**
Address City of Plovdiv
Phone +359 32 63 11 42
Fax +359 32 63 11 43
E-mail metalin@netvisio.net

Production Area:

- Manufacturing of metal products for domestic purposes and for industry
- Manufacturing of components and units, mechanical, electromechanical and electromechanical products, tooling equipment and non-standard optional equipment.

20. Company **OPTIX JSC**
Address City of Panagjurushte
Phone +359 357 41 25
Fax +359 357 30 97
E-mail optix@infoPhone.bg
Internet www.optixco.com

Production Area:

- Design and production of optical, opto-mechanical and opto-electronical systems, devices and components
- Civil production-lenses, prisms, coatings;
- Medical production-endoscopes, test lenses, ophthalmometers, multifunctional glasses

21. Company	FORGING AND PRESS PLANT JSC
Address	City of Rousse
Phone	+359 82 84 59 88
Fax	+359 82 84 59 88
E-mail	kpz@abv.bg

Production Area:

- Forgings – rods with round, square and flat cross-section
- Disk with openings and rings from 600 to 1400 mm
- Many other press forged machine parts according to drawings and technical specification of clients
- Stampings with round or other cross-section, deep drawn sheet parts

22. Company	Forging and Press Plant JSC
Address	City of Tsareva Livada
Phone	+359 6723 300
Fax	+359 6723 350
E-mail	kpz_99@abv.bg

Production Area:

- Forged-pieces production / mass per unit from 1 kg up to 45 kg, overall dimensions from 270 mm up to L 600 mm/
- Precise hot stampings made of steel and non-ferrous metals
- pipe-flange pieces
- thick-wall tubes
- bowl-shaped components
- flanges and dense-flange components

23. Company	Metalobrabotvane I Zaboproizvodstvo JSC
Address	City of Botevgrad
Phone	+359 723 6 67 07
Fax	+359 723 6 61 21
E-mail	m_and_z@botevgrad.com

Production Area:

- Components and units for gear transmission drives for the general machine building
- for trucks: VOLVO, SCANIA, DAF, TATRA 815, SKODA-LIAZ, AVIA A30, IFA W50, STAR;
- for buses: IKARUS 280, MAN, SCANIA, MERCEDES;
- for tractors: FORDSON SUPER, MELDIS 800, MTZ-80, JMZ

24. Company	Monphone JSC
Address	City of Sofia

Production Area:

Production of castings of ferrous and non-ferrous alloys (aluminum alloys, grey and ductile cast iron, steel), centrifugal cast part.

Production of various presses, turbines and equipment for hydroelectric stations. METAL TECHNOLOGY GROUP consists of 5 companies as follows: ALIKOM, METAKOM, CENTROMET, OSSAM, VAPTSAROV

35.1 Company **Alucom JSC**

Address	City of Pleven (Metal Technology Group)
---------	---

Production Area:

- aluminum castings from several grams up to 140 kg.,
- Technology used: low pressure, gas counter pressure and high pressure casting methods
- Alucom produces casting parts for the machine building industry, chemical, electronic, textile and automotive industry;
- wheels for personal cars and commercial vehicles,
- aluminum heaters.
- Present capacity of the foundry: 1600 metric tons.

35.2 Company **Metakom INC.**

Address	City of Pleven (Metal Technology Group)
---------	---

Production Area:

- shaped castings from ferrous alloys for the truck industry, heavy-weight automobiles, for energetic and forging equipment,
- furnace manufacturing and casting moulds
- fittings – valves, flaps etc., weighing from 5 kg up to 5000 kg and max. Overall dimensions 5000x2400x1500 mm.
- constructional and carbon steels according to DIN GS35 to GS70 and acc. ASTM
- constructional, alloyed according to DIN steels with Manganese, Sili-con, Chrome, Molybdenum, Vanadium;
- high alloyed heat-resistant alloys according to DIN GX40 Cr N; Si 2520; GX40 NiCrSi 3818; GX25 CrNiSi 2014;
- grey and alloyed (hematite) cast iron, spheroidal-graphite cast iron GGG60.

35.3 Company **Centromet INC.** (Metal Technology Group)
Address City of Vratsa

Production Area:

- scientific research and production of products with special application in high-temperature furnaces in the chemical industry,
- cylinder sleeves for ship engines made of special materials,
- bi-metal roller for the ceramic industry,
- thermo-resistant rollers for furnaces for the glass industry, aluminum industry, metallurgy etc.

35.4 Company **Ossam INC.**
Address Lovetch (Metal Technology Group)

Production Area:

- production of moldings of cast iron utilizing the method of form modifying.
- more than 200 types of castings for fork-lift trucks, cars and trucks.
- The castings are used mainly in the transmission, running gear and brake system (bodies, cassettes, hubs, brake discs and drums, brake shoes etc.).
- more than 400 castings, which are fashion profile of water and gas supplying systems.

35.5 Company **Vaptorsarov INC.** (Metal Technology Group)
Address City of Pleven

Production Area:

- Omnidirectional press equipment which includes: eccentric presses, hydraulic presses, sheet-bending press, guillotine shears for sheet metal cutting, pneumatic hammers.
- Turbines and facilities for Hydroelectric station which includes: micro turbines - 0.5 to 50 kW; mini turbines - 50 to 2000 kW; macro turbines – up to 260 MW.
- Pump equipment which includes: axial and condense pumps for Nuclear power station, axial pumps for irrigating systems, centrifugal single-stage double suction pumps, centrifugal vertical pumps.
- Production of various engineering parts using drawings or client's samples.

36. Company **IPO Ltd.**
Address City of Karlovo / Sofia
Phone +359 2 971 95 53
Fax +359 2 971 95 48
E mail geo97@bgnet.bg
Internet www.ipo-bg.com

Production Area:

- Ferrous and non-ferrous centrifugal castings;
- ferrous and non-ferrous sand castings;
- medium to small series; quick and flexible.
- specialized in centrifugal castings of: CuAl10Fe, CuAl10FeNi, CuSn10Zn, CuPb15Sn, CuSn5ZnPb.

37. Company	LEIARMACH JSC
Address	City of Sofia
Phone	+359 2 836 44 02
Fax	+359 2 836 44 02
