DEADLINE 19<sup>TH</sup> MARCH 2018

## BUYING MISSION TO EGYPT | 17.04 - 20.04.2018\*

# HERBS & SPICES

### MEET RELIABLE PRODUCERS OF HERBS AND SPICES. REDUCE SOURCING COSTS.

Egypt is a well-known country for a large variety of natural ingredients which are in high demand on the German and European market. The Import Promotion Desk (IPD) organizes a buying mission to Egypt from 17-20 April 2018 focusing on herbs and spices (organic certified and conventional).

#### YOUR BENEFITS

The IPD arranges tailor-made company visits - according to the participants needs. Importers get the opportunity to meet suppliers of herbs and spices, to visit their production facility and to have individual b2b meetings. The companies have been preselected by IPD experts based on company visits, product quality and capacity for export. All logistics will be organized by IPD. The buying mission will be accompanied by IPD experts.

#### PARTICIPATION FEE

600 Euro per person including local transportation and accommodation. International flights are not included and will be organized by the participants individually.

#### PRELIMINARY PROGRAMME

- TUESDAY, 17<sup>TH</sup> OF APRIL      Arrival in Cairo
- WEDNESDAY, 18<sup>TH</sup> OF APRIL    Sector information/Company visit
- THURSDAY, 19<sup>TH</sup> OF APRIL \*    Company visits
- FRIDAY, 20<sup>TH</sup> OF APRIL        Individual departure

\*Those participants, only interested in organic production could depart already April 19 in the afternoon.

In addition to herbs and spices, the following products are also part of the IPD portfolio in Egypt: **dates, rice starch, rice protein, maltodextrin, glucose, peanuts, frozen fruits and vegetables, pickles, fruit pulps and purees and cold pressed oils (organic and conventional).** If you are interested to visit one of the companies from the above mentioned categories, you are welcome to contact us. We will assist you in the organization of individual visits in Egypt.

#### REGISTRATION DEADLINE: 19<sup>TH</sup> MARCH 2018

Registrations will be confirmed on a first come, first serve basis and are subject to payment of the participation fee. Please note that the number of participants is limited.

### EL WADI EXPORT & IMPORT

El Wadi Export & Import is a family business established in 1974 which cultivates, processes and exports a large variety of herbs, spices and aromatic seeds. All processing, including sifting, blending, milling and packing, is done on an automated in-house production line and the final 100% natural products meet ASTA standards and are free from salmonella and aflatoxin. The company exports to various European countries as well as Argentina, Australia, Russia and Uruguay. El Wadi Export & Import is not only committed to the production of high quality products, but also focuses on developing advanced manufacturing techniques that meet international quality standards. Long-term relationships with customers, quality and good service are core components of their philosophy.
